

Remarks/Arguments:

Reconsideration of the application is requested.

This preliminary amendment is filed to conform to the inventor's handwritten notations in the specification which were initialed by the inventor and, therefore, form a part of the originally filed specification.

The fact that the radiation elements can form at least one higher-order oscillation state, in other words, they can form several oscillation states, is disclosed in claims 13-15, which pertain to oscillation **modes** as well as Figs. 5A to 5C which show a plurality of oscillation **modes**. No new matter is believed to have been added.

Please charge any fees which might be due with respect to Sections 1.16 and 1.17 to the Deposit Account of Lerner and Greenberg, P.A., No. 12-1099.

Respectfully submitted,
